Hi Shika,

Thanks for sending the narrative report for the soil emissivity project. The semi-annual matrix reports were not included in your email. In past years, it was in the same format as the attachment.

Thanks!

Hi Shika,

Both CAA 105 grants require semi-annual (mid-year) reports until the grant ends.

Thanks for checking.

Hi Angie,

Earl from programs is questioning if the requirement for a Semi-Annual Matrix report should apply to both (A00901315-old and A00901319-new) Section 105 grants or just the new grant (A00901319)?

Please let me know...

Does the requirement for a Semi-Annual Matrix Report apply to an A00901315 grant that was sub-awarded to Imperial County APCD (G17-BM-001 – 2017 Soil Emissivity Grant) for which the performance period was extended to September 30, 2019?

Hi Everyone,

I am working for Section 105 new grant (A00901319) with US EPA. They are requesting Narrative Progress Report AND Semi-Annual Matrix Report for special projects in this grant.

Attached excel worksheet is an example of Semi-Annual Matrix Report (this report should cover the period of October 1 – March 30), which is due April 30th, 2019 to Angie @ US EPA.

In addition, attached is an example of Narrative Progress Report for one of Section 105 project's from prior year – due date for this report is to be determined, however per US EPA it will be due soon.

I am including everyone on this e-mail that are on grant matrix (see attached), however if I have missed anyone – please forward this e-mail accordingly.

Let me know if you have any questions regarding this...

Hi Shika,

Narrative progress reports should be submitted for the special projects funded by your CAA 105 grant. In addition, ARB submits mid-year (semi-annual) matrix reports like the attached for the general CAA 105 activities. The next mid-year report should cover the period of October 1 – March 30.

I hope this helps. 😊

Thanks!
